

To view the augmented reality 3D model of the Olympus PEN E-PL1 Camera, follow the instructions below:

- Step 1:** Please print this PDF marker on a piece of regular A4 paper (non-reflective / matt-surface)
- Step 2:** Position the marker in front of your webcam and ensure that it remains in full view
- Step 3:** Make sure that the marker symbol is unobstructed by your fingers when you are holding it

(Note: Glare, reflection and other light refraction effects may impair augmented reality experience)
